PR Circular No. 01/2010

Dated 4.1.2010

From

The Chief Engineer/SO&C,  
Power Regulation & Control Dte.,  
PSEB, 220KV S/Strn., Ablowal, Patiala.

To

1. All EIC/CEs/Distribution in PSEB.
2. Chief Engineer/P&M, PSEB, Ludhiana.
3. Chief Engineer/Enforcement, PSEB, Patiala.
4. All Dy.CEs/SEs/Distribution in PSEB. They are requested to send copy of this circular to their Sr. Xens and SDOs
5. All Dy. CEs/SEs/P&M in PSEB. They are requested to send copy of this circular to their Sr. Xens and SDOs
6. All Dy.CEs/Directors/Enforcement & EA & MMTS. They are requested to send copy of this circular to their Sr. Xens and SDOs

Memo No. 19408/19548/SO/PRC/LD-38

Dated: 4.1.2010

**Subject: Relaxation/Rescheduling of Power Regulatory Measures on Industries.**

Due to improvement in Power supply Position and decrease in load on the system, following relaxations were given through various telephone messages as under:

- 1 Industrial consumers feeding from Cat-II feeders (except Induction and Rolling mill consumers) were allowed to observe weekly off day from 0800 hours to 2100 hours instead of 0800 hours to 0800 hours of next day w.e.f 15.12.09 to 31.1.2010
- 2 Arc/Induction furnace and Rolling mill consumers were allowed to use power from 2100 hours to 0600 hours during weekly off days. Thus these consumers were to observe weekly off day from 0600 hours to 2100 hours instead of 2100 hour to 2100 hours w.e.f 15.12.09 to 31.1.2010. Days of weekly off day remained unchanged.
- 3 On account of Curfew in Ludhiana on 7.12.09, all industrial consumers of Ludhiana being fed from Cat - 2 & 3 feeders (Including Arc/Induction and Rolling Mills) whose weekly off day was falling on 8.12.09 to 13.12.09 were relaxed from observing weekly off days on these dates.

Memo No. 20492/20632 /SO/PRC/LD-38

Dated: 05.02.2010

**Subject: COMPULSORY WEEKLY OFF-DAY ON INDUSTRIES.**

Due to increase in additional demand from agriculture sector, it has been decided to impose Compulsory Staggered Weekly Off day for one day on all General Industries (Large Supply, Medium Supply, Small Power) including Arc & Induction Furnace Consumers being fed through category- II & Category-III feeders w.e.f 08.02.2010 till further instructions. The compulsory weekly Off-day shall not be applicable on General Industrial Consumers including Arc & Induction Furnace Consumers being fed from Category-I feeders, Urban Pattern Supply 3 Phase 3 wire, 3 phase 4 Wire Feeders & Rural (AP) feeders.

These instructions will be applicable w.e.f 8.2.2010 and industrial consumers being fed from Cat-II feeders will continue to observe weekly off days from 0800 hours to 2130/2200 hours and Arc Induction and Rolling Mill consumers being fed from Cat-II & Cat-III feeders will continue to observe weekly off days from 0600 to 2130/2200 hours depending upon end of Peak Load Hour Restrictions upto 7.2.2010 as already intimated

The following schedule for Compulsory Weekly Off-day shall be observed:

S.No.	Name of Distribution Circle	Weekly Off-day
1.	Amritsar (City & Suburban) and Ferozepur Circle	Monday
2.	Gurdaspur, Nawanshahar Circle	Tuesday
3.	Faridkot, Hoshiarpur	Wednesday
4.	Ludhiana (Suburban), Muktsar and Tarn Taran Circle	Thursday
5.	Ropar & Bathinda Circle	Friday
6.	Mohali & Kapurthala Circle	Saturday
7.	Sangrur, Khanna Circle (except Mandi Gobindgarh), Patiala Circle and Jalandhar Circle	Sunday

Regarding Ludhiana (City East & City West Circles) & Mandi Gobindgarh, the staggered Weekly Off-day for General Industries including Arc & Induction Furnaces shall be observed as per details given below:-

Ludhiana (City East & West) (Area to remain off)		Mandi Gobindgarh (Area to remain off)	
MONDAY	66KV Dhandari Kalan-II 66KV Focal Point, Phase-VIII 66KV Focal Point-I 66KV Ludhiana Steel 66KV Mahavir Spg. 66KV Haibowal 66KV Billet Factory 66KV Sambhav Spg. Mills		66KV S/Stn. Talwara (T/F T-1, T-2, T-3 & T-4) 66KV Oasis Enterprises feeder (E/F 66KV S/S Talwara)
TUESDAY	66KV Indra Park 66KV D.C.Complex 66KV Model Town 66KV Vardhman Spg.Mills 66KV Punjab Concast 220KV Dhandari Kalan-B 66KV Upper India		66KV S/Stn.Amloh Road, Mandi Gobindgarh

THURSDAY	66KV Sahnewal 66KV Transport Nagar 66KV Avery	i) ii)	66KV S/Stn. Grain Market (T/F T-1, T-2 & T-3) 66KV Nabha Feeder

	66KV Aarti Steel 220KV Sahnewal 66KV Balloke 66KV Oswal Woolen Mills		(E/F 220KV S/Stn.G-I)
FRIDAY	66KV Kanganwal 66KV Hero 66KV Ralson 66KV Vardhman Spl.Steel 66KV Railway Traction 66KV GT Road 66KV Gill Road	i) ii) iii)	220KV S/S G-I M.Gobindgarh (T/F T-1 & T-4) 66KV Central S/Stn. (T/F T-1, T-2 & T-3) 66KV S/Stn. Focal Point
SATURDAY	220KV Dhandari Kalan-A 66KV Ferozepur Road 66KV Amaltas 66KV South City 66KV Sharu Steel 66KV Chandigarh Road 66KV Sharu Industries	i) ii) iii) a) b) c) iv)	66KV Dutt Feeder (E/F 220 KV S/S G-I) 66KV Bassi Feeder (E/F 220 KV S/S G-I) 66KV Bhatia Feeder 66KV Punjab Steels feeder (w.e.f. 5.2.08) 66KV K.C.Soni feeder (w.e.f. 2.11.07) (E/F 66KV S/S Amloh Road) 66KV Bhiwani Indl. Feeder (E/F 220 KV S/S G-I)
SUNDAY	66KV Dholewal 66KV Aarti International 66KV Gaunsgarh 66KV Millerganj 66KV Rockman 66KV Basant Park 66KV Happy Forging	i) ii)	66KV Modern Feeder (E/F 220 KV S/S G-I) 66KV Jyoti Bansal Feeder (E/F 220 KV S/S G-I)

If any S/Stn. has not been covered in the above list, the concerned Dy.CE/SE/DS may intimate to this office, so that weekly off of that S/Stn. is fixed accordingly.

The timings of Off-day for General Industry will be from 08.00 hrs. to 08.00 hrs. of next day (i.e. for example, the Weekly Off-day for Monday will start at 08.00 hrs. on Monday and end at 08.00 hrs. on Tuesday).

The timings of Weekly Off-day in respect of Arc & Induction Furnace & Rolling Mill Consumers (irrespective of category of feeders) will be from the expiry of Peak Load Hours of previous day to the expiry of Peak Load Hours of Off-day. For example if the timings of Peak Load Hours Restrictions are from 19.00 hrs. to 22.00 hrs. then the Weekly Off-day for Monday will start at 22.00 hrs. on Sunday and end at 22.00 hrs. on Monday.

All Continuous Process/Essential Industries (declared by this office) fed through Independent Feeders shall be exempted from observing Compulsory Weekly Off-days. The Essential Services viz. Government Hospitals, Railway Stations, Railway Installations, Defence & Military Installations, P&T Installations, All India Radio/T.V., Water Supply & Sewerage Installations and News Paper Printing Presses/News Service Installations will be exempted from observing Compulsory Weekly Off-day. Milk Plants, Milk Processing Plants, Milk Chilling Units, Ice Factories, Cold Storages, Oil Depots/L.P.G Depots, Poultry Farms, Ice Candy Units and Exclusively Bread Mfg. Units will also be exempted from observing Compulsory Weekly Off-day.

The Evening Peak Load Hours Restrictions on Large Supply consumers shall remain applicable as here to fore.

It is clarified that those Large supply industrial consumers who have taken permission for running some load during Peak Load Hours on payment of Peak Load Exemption Charges (PLEC) as per P.R.Circular No. 02/98 & 9/2007 (except Continuous Process/Essential Industries, mentioned above) shall not be allowed to use the same during Weekly Off-days including Peak Load Hours. The Peak Load Exemption Charges (PLEC) for the Off-days shall not be levied. However, all general Industrial Consumers including Arc & Induction Furnace Consumers shall be allowed to avail eligible exemption as admissible to them as per P.R. Circular No. 02/98 dated 28.04.98 i.e. the exemption which is eligible to them without payment of PLEC during Peak Load Hours Restrictions.

The penalty on defaulting consumers who do not observe Weekly Off-days as per schedule will be levied as per P.R. Circular No. 07/2004 dated 05.07.04 & 08/2004 dated 19.07.04.

It is requested to get these instructions noted from all concerned consumers well in advance and ensure meticulous compliance of these instructions. These instructions may also be got displayed on the Grid Sub-Station and Complaint

Centers besides informing various offices of Industrial Associations.

These instructions can also be down loaded from PSEB's Website [www.psebindia.org](http://www.psebindia.org).

Memo No.21596/21736 /SO/PRC/LD-38

Dated: 18.3.2010

**Subject: Additional Power Regulatory Measures.**

Due to increase in demand in power supply it is decided to impose additional power regulatory measures with immediate effect for One week w.e.f. 19.3.2010 to 25.3.2010 on Industrial consumer feeding from Category-II, III & IV feeder as under:

- 1 **Category-II feeders:** Industrial consumer feeding from Cat-II feeders will observe weekly off day for 58/58.5 hours instead of 24 hours (1 day). Thus the consumers whose weekly off day falls on 19.3.2010 (Friday) will observe weekly off day w.e.f end of Peak Load Hour Restriction of 18.3.10 (Thursday) up to 0800 hours of 21.3.2010 (Sunday) and so on.
- 2 **Arc Induction Furnace and rolling mill consumers:** Arc Induction Furnace and rolling mill consumers, irrespective of the feeder, will observe weekly off day for two days instead of One day being observed presently. Thus the consumers whose weekly of day falls on 19.3.2010, will observe weekly off day for 19.3.2010 to 20.3.2010 and so on.
- 3 **Continuous process industrial consumers:** The industrial consumer having continuous process status, feeding from Cat-IV feeders will observe Peak Load Hours Restrictions for 12 hours instead of 3 hours being observed presently. Thus these consumers will observe Peak Load Hours Restrictions from 1830/1900 hours to 0630/0700 hours w.e.f 18.3.10 to 24.3.10 (One week) depending upon the time of start of Peak Load Hour Restrictions. However, industries other than continuous process industries like essential/IT industries will observe peak load restriction for 3 hours.

The consumers are requested to download the information regarding Peak Load Restrictions/weekly off days from the PSEB website. They are asked to visit the website of the PSEB on regular basis in future.

The field officers are requested to display the relevant Circulars on the Notice Boards of Complaint Centres as well as Sub Divn Offices/Grid Sub Stations.

The consumers are also requested to watch newspapers for information.

The Relevant information is also being conveyed to PSEB field officers and selected representatives of Industrial associations. The consumers can also get this information on Telephone from field officers.

Memo No. 853/993 /SO/PRC/LD-38                      Dated: 12.05.2010

**Subject:    COMPULSORY WEEKLY OFF-DAY ON INDUSTRIES.**

In super session to PR Circular 3/2010, it was decided to impose following additional power regulatory measures on all General Industries (Large Supply, Medium Supply, Small Power) including Arc & Induction Furnace Consumers being fed through category- II, III & IV feeders w.e.f 20.3.10 to 29.3.10 onwards as under:

S No.	Category of consumer on which additional power regulatory measures imposed	Timings of weekly off day/Description of PR measures	Date of applicability	Remarks
(A)1	<b>General Consumers fed from Cat-II feeder except Arc Induction and Rolling Mill consumers</b>	58/58.5 hours instead of 24 hours (1 day)	20.3.10 to 29.3.10	These consumers whose 1 <sup>st</sup> weekly off day was falling on 20.3.2010 (Saturday) were to observe weekly off day w.e.f end of Peak Load Hour Restriction of 19.3.10 (Friday) up to 0800 hours of 22.3.2010 (Monday) and so on.
2	-do-	One weekly	30.3.10 to	If 1 <sup>st</sup> Weekly off day of the consumer was

		off day	6.4.10	falling on 30.3.10, it was applicable from 0800 hours of 30.3.10 up to 0800 hours of 31.3.1.0 & so on.
3	-do-	Two days weekly off day instead of One weekly off day	7.4.10 to 15.4.10	If 1 <sup>st</sup> Weekly off day of the consumer was falling on 7.4.10 it was applicable from 0800 hours of 7.4.10 up to 0800 hours of 9.4.1.0 & so on
4	-do-	58/57.5 Hours Instead of 2 days	16.4.10 to 3.5.10	If 1 <sup>st</sup> Weekly off day of the consumer was falling on 17.4.10 it was applicable from end of peak load hours restrictions of 16.4.10 up to 0800 hours of 19.4.1.0 & so on
5	-do-	34/33.5 Hours Weekly off day applicable	4.5.10 to 11.5.10	If 1 <sup>st</sup> weekly off day of the consumer was falling on 3.5.2010, the consumer was to observe weekly off days from end of Peak load hours restrictions hours of 2.5.10 up to 0800 hours of 4.5.2010 and so on.
6	-do-	2 weekly off days instead of 34/33.5 hours	12.5.10 to onwards	If 1 <sup>st</sup> weekly off day of the consumer was falling on 11.5.10, it was applicable from 0800 hours of 11.5.10 to 0800 hours of 13.5.10 and so on.
<b>(B) 1.</b>	<b>Arc, Induction and Rolling Mill consumers feeding from Cat-II &amp; III feeders</b>	3 weekly off days instead of one weekly off day	20.3.10 to 29.3.10	The consumer, whose 1 <sup>st</sup> weekly of day was falling on 20.3.2010, was to observe weekly off day for 20.3.2010 to 22.3.2010 and so on. (From end of Peak load hour restriction of 19/3/10 to end of PLHRs of 22.3.10)
2	-do-	One Weekly off day applicable	30.3.10 to 6.4.10	If 1 <sup>st</sup> Weekly off days of the consumer was falling on 30.3.10, it was applicable from end of peak load hours of 29.3.10 up to end of peak load hours of 30.3.1.0 & so on.
3	-do-	Two Weekly off days applicable	7.4.10 to 15.4.10	Consumer, whose 1 <sup>st</sup> weekly off day was falling on 7.4.10 was also to observe 2 <sup>nd</sup> weekly off day on 8.4.10 and so on.
4	-do-	58/57.5 Hours instead of two weekly off days	16.4.10 to 3.5.10	Those consumers whose 2 <sup>nd</sup> weekly off day was falling on 16.4.2010 were to observe weekly off day up to 0800 hours of 17.4.10 (instead of up to end of peak load hours restrictions of 16.4.10) and so on.

5	-do-	34/33.5 Hours	4.5.10 to 7.5.10	If first weekly off day of the consumer was falling on 3.5.2010 , it was applicable from end of peak load hours restrictions hours of 2.5.10 up to 0800 hours of 4.5.2010 and so on.
6	-do-	2 days weekly off days	8.5.10 to Onwards	The consumer whose 2 <sup>nd</sup> weekly off day was to end at 08:00 hrs of 08-05-10 will now be applicable up to end of peak load restriction hours of 08-05-10 and so on.
		<b>PEAK LOAD HOURS RESTRICTIONS</b>		
<b>(C) 1</b>	<b>Continuous Process industrial (Cat-IV) Consumers</b>	12 Hours peak load hours restrictions Instead of 3 hours	20.3.10 to 29.3.10 (with 100% PLE) 16.4.10 to 3.5.10 (with 75% PLE refer para D)	1) These consumers were to observe Peak Load Hours Restrictions from 1830/1900 hours to 0630/0700 hours (or 1900/1930 to 0700/0730) depending upon the time of start of Peak Load Restrictions timings. These consumers who had been allowed to use some load during Peak load hours, could use that load for 12 hours but will be charged only for 3 hours. 2) Normal 3 hours PLHRs remained applicable on other industries like essential/ IT industry.
<b>2</b>	<b>UPS 3 phase 3 wire feeders</b>	3 hours peak load restrictions	23.3.10 to 29.3.10	Peak load hours restrictions on these consumers were withdrawn w.e.f 30.3.10 till further orders. It was also decided that no peak load violation charges are to be levied on these consumers, if they could not have observed peak load hours restrictions.
		<b>PEAK LOAD EXEMPTION</b>		
<b>(D)</b>	<b>Industrial Consumers feeding from Cat-II, III &amp; IV (continuous process industry) feeders</b>	Peak Load Exemptions were curtailed to the extent of 75% of PLE allowed	7.4.10 to 3.5.10 Applicable only for continuous process industries (Cat-IV feeder) the	100% Peak load exemption remained applicable with 3 hours peak load hours restrictions for industrial consumer being fed from Cat-I feeders, IT Industry and essential industries covered under PR Circular 12/98 dated 3.8.98 and other exempted categories of industries like cold storages/Slaughter houses with partly cold storage load Ice factories, poultry farms, Ice candy plants, milk plants/milk chilling units

			consumers were allowed to use PLE up to the extent of 75% allowed.	and exclusively bread manufacturing units.
--	--	--	--	--

All other terms and conditions of PR Circular No. 2/2010 dated 5.2.10 including penalty for violation remained unchanged. **The instructions to switch off mixed category-II feeders for 4 hours during weekly off days were also withdrawn w.e.f 6.5.10 to onwards.**

**Note: Peak Load Exemption charges are to be levied on the consumer to the extent of 75% for the period the peak load exemption usage was curtailed to 75%.**

The consumers were requested to download the information regarding Peak Load Restrictions/weekly off days from the PSEB website. They were asked to visit the website of the PSEB on regular basis in future.

The field officers were requested to display the relevant Circulars on the Notice Boards of Complaint Centres as well as Sub Divn Offices/Grid Sub Stations.

The Relevant information is also being conveyed to PSEB field officers and selected representatives of Industrial associations. The consumers could also get this information on Telephone from field officers.

Memo No. 1413/1553/SO/PRC/LD-38 Dated 31.5.10

**Subject: COMPULSORY WEEKLY OFF-DAYS ON INDUSTRIES. - RELAXATIONS**

PSPCL has filed a Petition before PSERC regarding imposing power cuts and other regulatory measures which has been approved by PSERC and accordingly it is decided that following categories of consumers will be exempted from observing compulsory weekly off days.

1. All Continuous Process Industries (declared) being fed from through Independent feeders.
2. Essential services covered under PR Circular No. 12/98.
3. Essential Industries covered under PR Circular No. 12/98.
4. Other exempted categories such as cold storage, ice factories, ice candy plants, slaughter houses, poultry farms and exclusively bread manufacturing units.

The evening peak load hours restrictions on large supply consumers shall remain applicable as here to fore.

It is clarified that those Large supply industrial consumers who have taken permission for running some load during peak load hours on payment of peak Load Exemption Charges (PLEC) as per PR Circular No. 2/98 and 9/2007 (except Continuous Process/Essential Industries and exempted categories mentioned above) shall not be allowed to use the same during weekly off days including Peak Load Hours nor the Peak Load Exemption Charges (PLEC) for the off-days shall be levied.

The penalty on defaulting consumers who do not observe Weekly Off-days as per schedule will be levied as per P.R. Circular No. 07/2004 dated 05.07.04 & 08/2004 dated 19.07.04.

The consumers are requested to down load the above instructions from PSPCL website. [www.psebindia.org](http://www.psebindia.org).

It is requested to get these instructions noted from all concerned consumers well in advance and ensure meticulous compliance of these instructions. These instructions may also be got displayed on the Grid Sub-Station and Complaint Centers besides informing various offices of Industrial Associations.

Memo No. 1778/1918/SO/PRC/LD-38 Dated 31.5.10

Subject: PR Circular 9/2007 - Levy of Peak Load Exemption Charges and imposition of weekly off day restrictions – Amendment Thereof

All Large Supply Consumers except Essential Services (such as Hospitals, Railway Stations, Railway Installations, Defence & Military Installations, All India Radio/T.V., Water Supply & Sewerage Installations, P&T Installations and News Service Installations etc.) are required to observe Evening Peak Load Hours restrictions. As per P.R. Circular No. 9/2007, exemptions from observing Peak Load Restrictions are being allowed as per their request, to Large Supply consumers against payment of Peak Load Exemption Charges as fixed by the Board in addition to normal tariff.

A peak load policy was prepared and submitted to Hon 'able Punjab State Electricity Regulatory Commission for approval. As per approval of PSERC, it is decided to amend PR Circular 9/2007 as under:

- 1 Dy CEs/SE/DS will allow PLE up to 100 KW (instead of 100 KW).
- 2 Peak Load Exemption charges will remain unchanged and will be applicable.
- 3 Peak Load Exemption above 100 KW will be issued by the office of Engineer-in-Chief /Commercial.
- 4 The condition to avail PLE for minimum 6 months in first instance and for minimum 3 months in subsequent instance has been substituted with one month. Now the industrial consumers will be allowed to increase/decrease/withdraw peak load exemption after one month of its grant whether in first or in subsequent instance.
- 5 Peak load exemption issued to consumers up to 31.5.10 will not be extended further in paddy season except for following categories of consumers:

**Categories of consumers entitled to PLH exemptions:**

- (a) Information Technology based industries.
  - (b) Essential industries i.e Fertilizer Plants (except N.F.L. Bathinda and N.F.L. Nangal (New), Gas Plants, Sugar Mills, Vanspati Mills, Milk Plants, Milk processing Plants, Malt processing plants, Breweries & Distilleries, Roller Floor mills, Railway workshops, oil Depots/L.P.G. Depots, Drugs & Pharmaceuticals Units, Environment Treatment Plants (E.T.P Plants )/ Pollution Control Equipment. and other exempted categories such as cold storages, ice factories, ice candy plants, slaughter houses, poultry farms and exclusively bread manufacturing units.
  - (c) Central sectors PSUs i.e NFLs, Railway workshops, Punjab Govt. Sponsored projects such as PACL & SIEL and cement manufacturers obtaining fly ash from the thermal plants of Powercom.
  - (d) Continuous process industries declared as such by the competent authority designated by Powercom.
  - (e) There will be no curtailment in Peak load exemption or extension in peak load hour restrictions in case of consumers at sr no.5(a) to 5(d) above.
- 6 Applications of consumers not falling in the essential industries and exempted categories enumerated above but seeking exemptions from PLH restrictions will be dealt with as below:
- i) First preference will be given to the consumers who had regularly obtained PL exemptions in the previous years. In case adequate power to accommodate all such exemptees is not likely to be available, then the permissible load in the case of all exemptees will be reduced on pro- rata basis.
  - ii) If power availability makes it possible to accommodate more consumers, then Powercom will, one month before it proposes to grant PLEs, seek applications from intending consumers and further PLH exemption, will be granted on first come first served basis.
- 7 The consumers who are running their TG/DG sets with synchronization of PSPCL system will continue to get PLE on day to day basis in case of breakdown of their TG/DG sets subject to availability of power on real time basis.
- The consumer who have been allowed to use some load during peak load hour restrictions against the payment of Peak Load Exemption Charges, will not use this load (except continuous process/essential industry and other exempted industry to which exemption from observing weekly off days is allowed) during weekly off days and nor the payment of Peak Load Exemption Charges will be charged to them.**
- 8 It is once again reiterated that the peak load exemption allowed to any consumer will not entitle him to claim it as a matter of right since peak load exemption can be withdrawn by the PSPCL completely/partially keeping in view the system constraints/power availability during peak load exemption period.
- 9 The other terms and conditions on the subject including penalty for violation remains unchanged.

Memo No. 2574/2714/SO/PRC/LD-38 Dated: 29.7.10

**Subject: COMPULSORY WEEKLY OFF-DAY ON INDUSTRIES.**

As per the availability of power regulatory measures were taken in the month of May & June of 2010 through various telephone messages by this office. Details of weekly off days applicable to Industrial consumer during these months are listed below:

1	2	3	4	5
S No.	Category of consumer on which additional power regulatory measures imposed	Timings of weekly off day/Description of PR measures	Date of applicability	Remarks
(A)1	<b>General Consumers fed from Cat-II feeder except Arc Induction and Rolling Mill</b>	2 weekly off days.	12.5.10 to onwards	If 1 <sup>st</sup> weekly off day of the consumer was falling on 11.5.10, it was applicable from 0800 hours of 11.5.10 to 0800 hours of 13.5.10 and so on.  <b>As per PR circular 4/2010 dated</b>

	<b>consumers</b>			<b>12.5.10</b>
2	-do-	1 weekly off day.	w.e.f. 28.5.10 to 6.6.10	The consumer whose 1 <sup>st</sup> weekly off day was falling on 27.5.10, was not to observe 2 <sup>nd</sup> weekly off day on 28.5.10 and so on.
3	-do-	Relaxation from observing weekly off day.	7.6.10 to 19.6.10	No weekly off day was applicable during this period
4	-do-	One weekly off day	20.6.10 to onwards	The consumers were required to observe one weekly off day from 0800 hrs of weekly off day to 0800 hours of next day
5	-do-	Relaxation from observing weekly off day.	25.6.10 to 28.6.10 and 1.7.10 to 5.7.10	The consumers were not required to observe any weekly off day during this period
6	-do-			
<b>(B) 1.</b>	<b>Arc, Induction and Rolling Mill consumers feeding from Cat-II &amp; III feeders</b>	2 days weekly off days	8.5.10 to Onwards	The consumer whose 2 <sup>nd</sup> weekly off day was to end at 08:00 hrs of 08-05-10 will now be applicable up to end of peak load restriction hours of 08-05-10 and so on.  <b>As per PR circular 4/2010 dated 12.5.10</b>
2	-do-	1 weekly off day.	w.e.f. 28.5.10 to 31.5.10	The consumer whose 1 <sup>st</sup> weekly off day was falling on 27.5.10, was not to observe 2 <sup>nd</sup> weekly off day on 28.5.10 and so on.
3	-do-	Two Weekly off days applicable	1.6.10 to 6.6.10	Consumer, whose 1 <sup>st</sup> weekly off day was falling on 1.6.10 was also to observe 2 <sup>nd</sup> weekly off day on 2.6.10 and so on.
4	-do-	One weekly off day	7.6.10 to 7.6.10	The consumers were to observe only first weekly off day
5		Relaxation	8.6.10 to	The consumers were not required

	-do-	from observing weekly off days	19.6.10	to observe any weekly off day during this period
6	-do-	One weekly off day	20.6.10 to 21.6.10	The consumers were allowed to observe only one weekly off day from end of peak load hour of 19.6.10 to end of PLHR of 20.6.10 and so on.
7	-do-	Two weekly off days	22.6.10 to onwards except relaxation at Sr. No. 8	The consumer whose weekly off day was falling on 21.6.10 were also to observe 2 <sup>nd</sup> weekly off day on 22.6.10
8	-do-	Relaxation from observing weekly off days	25.6.10 to 28.6.10 and 1.7.10 to 5.7.10	The consumers were not required to observe any weekly off day during this period

Note:1) Mixed Cat-II feeders (Mixed feeders only) are to be switched off from Grid S/Stn during their weekly off days (applicable to General industry being fed from Cat-II feeders) from 1000 to 1200 hours and 1500 to 1700 hours.

2) Weekly off day for all industrial consumers under the jurisdiction of Patiala Circle falling on 27.6.10 was relaxed, on account of Disturbance in supply on 23.6.10. This was a one time relaxation and thereafter from 28.6.10 the consumers are required to observe weekly off day as applicable/intimated from time to time.

The consumers were requested to download the information regarding Peak Load Restrictions/weekly off days from the PSPCL website. They were asked to visit the website of the PSPCL on regular basis in future.

The field officers were requested to display the relevant Circulars on the Notice Boards of Complaint Centres as well as Sub Divn Offices/Grid Sub Stations.

The Relevant information is also being conveyed to PSPCL field officers and selected representatives of Industrial associations. The consumers could also get this information on Telephone from field officers.

This issues with the approval of competent authority.

Memo No.9613/9753/SO/PRC/LD-38 Dated 28-12-10

**Subject: Power Regulatory Measures on Industrial Consumers**

Due to increase in demand, it was decided to impose power regulatory measure on industrial consumers w.e.f. 4-12-2010 to 14-12-2010. These regulatory measures were relaxed w.e.f. 15.12.2010 onwards.

1. Two weekly off days on Arc/induction and rolling mill consumers feeding from category-II and III feeders. Timings of weekly off days were from 0700 hrs to end of peak load restriction hours i.e. 2100 hrs. These consumers were allowed to use load from end of peak load restriction hours i.e. 2100 hours to 0700 hours of next day. If first weekly off day of these consumers was falling on 3-12-2010, they were to observe second weekly off day on 4.12.2010 and so on.
2. One weekly off day on general industrial consumers feeding from category-II feeders. Timings of weekly off days were from 0800 hrs to end of peak load restriction hours i.e. 2100 hrs. These consumers were allowed to use load from end of peak load restriction hours i.e. 2100 hrs to 0800 hrs of next day.

Note:- Days of weekly off days remained unchanged as already intimated.
