Memo No. 783/922/PPR/PR/LD-38 Dated 21.1.2011

**Sub:- Power Regulatory measures on industrial consumers availing
Open Access**

Due to increase in demand of power, following power regulatory measures are imposed on industrial consumer's w.e.f. 23.1.2011 till further orders:-

1. Induction furnace consumers being fed from category-II and III feeders will be allowed to use PSPCL power (in addition to open access power) to the extent of 25% of their sanctioned contract demand from 0800 hrs to the start of peak load hour restrictions. Peak load restrictions will remain applicable on these consumers. However, these consumers will be allowed to use eligible exemption or Peak load exemption against PLEC allowed and or open access power during peak load hours
2. The ARC furnace/Rolling Mill consumers being fed from category-II and III feeders will be allowed to use PSPCL power (in addition to open access power) to the extent of 50% of their sanctioned contract demand from 0700 hrs to the start of peak load hour restrictions. Peak load restrictions will remain applicable on these consumers. However, these consumers will be allowed to use eligible exemption or Peak load exemption against PLEC allowed and or open access power during peak load hours.

3. Continuous process category-IV consumers will be allowed to use load during 0700 to start of peak load restrictions ((in addition to open access power) to the extent of peak load exemptions allowed. These instructions will not be applicable on essential industries as per PR Circular 12/98, NFL Bathinda and NFL Nangal, Central Sectors PSUs i.e. NFLs. Railway workshops, Punjab Govt. sponsored projects, PACL and SIEL and cement manufacturers obtaining fly ash from the thermal plants of PSPCL. Peak load restrictions will remain applicable on these consumers. However, these consumers will be allowed to use eligible exemption or Peak load exemption against PLEC allowed and or open access power during peak load hours

All these consumers mentioned at Sr.No.1 to 3 will be allowed to use PSPCL power/Open Access Power as per their requirement, during night hours i.e. from end of peak load restrictions to 0800/0700 hours of next day as applicable on these consumers. These regulatory measures are applicable only on Industrial Consumers availing Open Access.
